NOTE: The *NJPASS* test series is a set of criterion-referenced tests designed to measure students' mastery of the New Jersey State Core Curriculum Content Standards for Language Arts and Mathematics as deemed developmentally appropriate at grades 1, 2, 3, 9, and 10. As a result, for a given grade, the assessments are best administered in the spring of the year. However, use of the assessments in the fall is also appropriate especially when teachers wish to receive information concerning students' mastery of the standards for the previous grade. For example, for the purpose of checking students' progress in mastering a set of grade 3 standards, teachers may wish to administer *NJPASS* Level 34 in the fall of grade 4. Level 34 is designed to measure students' mastery of the Content Standards as deemed developmentally appropriate for grade 3.
